Please find below and/or attached an Office communication concerning this application or proceeding.

NOTIFICATION OF NON-COMPLIANCE WITH THE REQUIREMENTS OF 37 CFR 41.37(c)

The brief does not contain arguments of the appellant with respect to each ground of rejection presented for review, and the basis therefor, with citations of the statutes, regulations, authorities, and parts of the record relied on as required by 37 CFR 41.37(c)(1)(vii).

The brief is required to present complete arguments to each ground of rejection on appeal. See MPEP 1205.02.

The mere filing of paper entitled as a brief will not necessarily be considered to be in compliance with 37 CFR 41.37(c). The rule requires that the brief must set forth the authorities and arguments relied upon. It is essential that the Board be provided with a brief fully stating the position of the appellant with respect to each ground of rejection presented for review in the appeal so that no search of the record is required in order to determine that position. Thus, the brief should not incorporate or reference previous responses.

The brief does not contain the proper language (i.e. "NONE") following a heading when the item is not applicable. See MPEP 1205.02

The brief must have all of the required items under appropriate headings in the order indicated in 37 CFR 41.37(c)(1). The headings are required even when an item is not applicable (e.g., if there is no evidence being relied upon by appellant in the appeal, the brief is still required to have the heading "Evidence appendix."). When there is no information related to the particular section heading of the brief, the word "none" should be used under the heading.

The Evidence Appendix in the brief fails to comply with the provisions of 37 CFR 41.37(c). The material included in the Evidence Appendix does not fall within the scope set forth. See MPEP 1205.02

Art Unit: 1793

****>(ix) Evidence appendix.** An appendix containing copies of any evidence submitted pursuant to 37 CFR 1.130, 1.131, or 1.132 or of any other evidence entered by the examiner and relied upon by appellant in the appeal, along with a statement setting forth where in the record that evidence was entered in the record by the examiner. Reference to unentered evidence is not permitted in the brief. See 37 CFR 41.33 for treatment of evidence submitted after appeal. This appendix may also include copies of the evidence relied upon by the examiner as to grounds of rejection to be reviewed on appeal. The appendix should start on a new page. If there is no evidence being relied upon by appellant in the appeal, then an evidence appendix should be included with the indication “none.”

Appellant is required to comply with provisions of 37 CFR 41.37(c). To avoid dismissal of the appeal, Appellant must comply with the provisions of 37 CFR 41.37(c) within ONE MONTH or THIRTY DAYS, whichever is longer, from the mailing of this communication. Extensions of time may be granted under 37 CFR 1.136.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to David M. Brunsman whose telephone number is 571-272-1365. The examiner can normally be reached on M, Th, F, Sa; 7:00-5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jerry Lorengo can be reached on 571-272-1233. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
